## Career Objective

Aspire to leverage my technical and problem-solving skills to contribute to innovative and impactful web development projects while growing with a forward-thinking organization.

## Professional Summary

A dedicated Web Developer with hands-on experience designing, building, and testing web-based applications. Proficient in creating responsive, secure, and scalable web solutions. Adept at collaborating with cross-functional teams to deliver high-quality products and staying updated on emerging technologies to ensure continuous innovation.

## SKILLS

- **Frontend Development:** Angular, TypeScript, HTML, CSS
- **Backend Development:** .NET, C#, RESTful APIs
- **Database Management:** SQL Server
- **Data Formats & Integration:** JSON, XML
- **Document Processing & Automation:** Kofax Toolkit, Transformation Modules, GDPicture.net, PDF Library, TIFF DLL
- **File Transfer & Security:** GlobalScape (Managed FTP)
- **Methodologies:** Iron Mountain, Agile, DevOps
- **Version Control & Tools:** Git, CI/CD Pipelines
- **Soft Skills:** Client Management, Team Collaboration, Code Reviews, Mentoring

## Experience

**Angular Developer Innodigital Solutions**,Hyderabad
September 2024 – Present

Developed and maintained applications using **Angular, .NET, and C#**.

- Developing and maintaining responsive web-based applications using Angular.
- Collaborating with cross-functional teams to define, design, and ship new features.
- Optimizing applications for maximum performance and user experience.

- Staying updated on emerging technologies and trends in web development.

- Integrated and managed **RESTful APIs, JSON, and XML-based** data exchange.

- Worked extensively with **SQL Server** for database management.
- Collaborated with cross-functional teams to define and implement solutions.
- Ensured seamless file transfers and security compliance using GlobalScape (Managed FTP).

*Frontend Developer*

**Growth Securities KYC Project**

September 2024 – Present

- Handling end-to-end front-end development.
- Creating responsive and user-friendly interfaces using Angular.
- Collaborating with the backend team to ensure seamless integration.
- Ensuring the application meets security and performance standards.

**Backend Developer Intern  24hr 7 Commerce Pvt. Ltd.**
March -2024 – August -2024

- Collaborated on a legal application project, developing and integrating **RESTful APIs** to enhance functionality.

- Optimized backend processes, improving API response times and ensuring seamless client-server communication.

- Worked with technologies such as [Node.js] to design and maintain secure APIs.

- Implemented data validation, authentication, and error handling mechanisms.

- Contributed to debugging and deploying scalable backend services, enhancing the application's reliability.

## Education

**Bachelor of Degree (M.P.Cs)**
Sun Degree & PG College, Andhra Pradesh                    7.5 CGPA
[2019-2022]

**Intermediate (M.P.C)**
Chaitanya Junior College, Srikakulam                    7.11 CGPA
[2017-2019]

## Certifications

- Full Stack Java Developer Program Recognized By Future Skill Prime By NASSCOM in Collaboration

- HTML5 Application Development Fundamentals Recognized By Microsoft
  Technology Associate

## Projects

**Flipkart Application Page**

- **Technologies Used:** HTML, CSS,BootStrap, TypeScript, Angular 15
- **GitHub:** Flipkart Application
- **Description:** Created a Flipkart application that displays products based on categories.
    - Implemented routing mechanism to navigate between components without reloading the page.
    - The project includes services, contract classes, and multiple components.
    - Designed and developed a user-friendly interface for seamless navigation and product viewing.

## TECHNICAL SKILLS

| | |
|---|---|
| **Programming Language** | JAVASCRIPT, TYPESCRIPT |
| **Frameworks** | ANGULAR ,Node js |
| **Database** | SQL |
| **UI Technologies** | HTML, CSS, Bootstrap. |
| **IDE** | VS CODE |
| **Tools** | POSTMAN , SWAGGER. |

**Database Management - SQL**

1. Proficient in Sql Server for managing and querying databases.

1. Experience in designing and creating database tables, views, and synonyms.

## LANGUAGES

1. English    2. Hindi    3. Telugu.

## PERSONAL INFORMATION

- Date of Birth    : 01 Feb 2001.
- Nationality      : Indian
- Address   : Srikakulam  District, Andhra Pradesh State
532001.
